AGENTS. C. W. CRANE, 426 Montg'y st., San Francisco wM. GEDLING. Bullionville T. STARR. Hamilton

A CORRESPONDENT of the Sacramento Coion, writing from Panamint Monn-tains, Inyo county, July 22d, gives this intelligence: "The recently discovered silver mines in these mountains are be-ginning to attract attention. The first discoveries and locations were made here discoveries and locations were made here several months since by R. C. Jacobs, W. L. Kennedy and R. P. Stewart. The lodes thus far found crop out conspicu-ously, are well defined and show a large fraction of good ore. The principal vein of the belt discovered by Jacobs and Sfewart is the Wonder of the World. It can be easily traced for a distance of 3,000 feet, and in some places it stands bigh out of the ground, and is 30 feet in thickness. It will average at least six feet in thickness for nearly 3,000 feet and some of the ore has assayed as high as \$3,000 a ton. Indications now seem to warrant the conclusion that this will altimately become one of the best pay-ing silver districts on this coast. Among the principal pioneers and owners on ing silver districts on this coast. Among the principal pioneers and owners are R. C. Jacobs, Dr. A. K. Stearns, R. P. Stewart, D. G. Tipton, H. Gibbons, J. Dempsey, James Scobie, Mr. Chunn, J. copely and many others, whose names I cannot remember. A town site has been surveyed, a Recorder's office established. and hearly 100 claims recorded. The altitude of the new town is about 6,000 feet—a little more or less. The distance from here to San Francisco is about 600 miles in a northwesterly direction."

A PRIVATE letter to a gentleman in this city from a correspondent at Tuscon, under date of July 17, says that the route for the telegraph authorized by Congress to be constructed has been located from Prescott to Tuscon, a distance of the says of the of about 250 miles. It is to run by way of People's Valley, Wickinburg, Phenix, Maricopa Wells, Sanford, Florence and Picacho stations. Materials have already been shipped to Maricopa Wells, and the construction of the line will begin at once. The cost of procuring poles is much less than was expected, and it is once. The cost of procuring poles is much less than was expected, and it is thought the whole route by the way of Yuma to San Diego may be completed before winter. The route selected will accommodate a large portion of the business part of the Territory as well as the william. (Sacramento Luice) military. - [Sacramento Union.

Most of the New England papers have been conceding that General Butler will secure the Republican nomination for Governor of Massachusetts without seri-ous opposition. The Boston Globe now says Governor Washburn will be before says Governor Washourn will be before the convention for renomination, and that be will have a strong following all over the State. The convention has not yet been called, but it is supposed the committee will put it off till some time in

Ex-Senator Henry S. Foote is spending the summer at the residence of his son-in-law, Senator Stewart of Nevada, in Washington. He is writing for the Washington Chronicle reminiscences of men and things connected with public

NEW YORK CITY consumes 92,000,000 gallons of water daily, or 92 gallons for each man, woman and child. The reservoirs keep in store 6,000,000,000 gallons constantly, or a supply that will last 65

Notice! Notice! OFFICE FLORAL SPRINGS WATER CO., and 301 30, 1873.

THE POLLOWING REGULATIONS HAVE been duly adopted by resolution of the

FLORAL SPRINGS WATER CO.

They are to be strictly observed by consumers of Floral springs water.

1. In all cases of non-payment of the water run within three days after presentation of till, life supply will be cut off, and the water shall not again be let on, either for the present or any subsequent occupant, except upon the payment of the smount due, together with the sum of two deflars; provided that in cases of specific supplies, or for fractional parts of the month, where the water has been let on, it may be cut off mindiately siter notice given at the place that the rent is not pand, and may be let on again upon the condition before mentioned.

2. No person or family supplied with Floral Springs water will be permitted to use the water for any other purposes than that stated in this agreement, nor to simply water in any way to other persons or families.

3. Consumers shall prevent all innecessary waste of water, and shall make no concentment of the purposes for which it is used.

4. No alterations shall be made in any waterpipe or factors without first giving notice of the intended attention at the office of the Company.

5. In all cases where vater is to be supplied to several parties to tenate from one connection or tap, the Company contracts only with one of sain several parties or tenates from one connection or tap, the Company contracts only with one of sain several parties, and on his default to abide these regulations, and pay the rates, will confort the connection.

5. Whethever any of these regulations shall be violated the supply of water will be disconting, and and one resumed and not resumed until all charges and ex-

s. Sprinkling with hose and stand-ing trrigators will not be allowed un-der any circumstances. The inspector, or other properly authorized officer of the Company, shall be suintited at all reasonable hours to all parts of any premises supplied with water, to see that these regulations are observed. The attention of customers having pipe cer-The attention of customers having pipe centections is hereby called to the above brules and fregulations, adopted by the Board of Trustees, and which are hereafter embodied in all contracts for water, and required to be signed before the supply will be furnished. The above regulations will be surety enforced, and pattles needecting or refusing to compily with them will have then supply of water discontinued at once. The Company reserves the right of pinesing meters on all places supplied through the pipes, in which case two and one-half cents per pallon will be charged for the water used, and one-half the cost of the meter and placing upon the premises. Parties having hose, in case of fire, will be allowed to use water to extinguish the same free of charge. Water will be supplied by earts, within the main

By carts, within the main limits of the town, at ... 3 Cts. per gallon and at the Goose Necks of the Company, on Main street, at ... 24 Cts. pr. gallon street, at ... 24 Cts. pr. gallon

The necessity of an economical use of water is imperatively called for in order that A FULL SUFFLY may be kept at the Company's tank in case of FIRE.
